

## CARDINAL CHIT-CHAT CORNER

Brrrrr, even the deep South is getting a dose of winter! Not quite what they're used to, nor the birds. Putting out wedges of fresh fruit, dried fruit pieces, sunflower hearts, and peanut and nut pieces will help them survive.

We have a new staff member, Chris Beach, who is in sales and marketing. He's rolling out new flyers, brochures, and working on our website as well. A busy man and a hard worker.

During our busy winter season, please give us plenty of time to get your order ready, especially custom mixes. Don't run yourself short—you can't sell horses out of an empty barn! We are working overtime to keep up.
