

## Monthly Product News

Dear Customers,

I wanted to take a minute of your time to discuss one of our products **Golden Nutra Safflower**. It's a hybrid developed as "hulless" safflower. It has a tan outer skin surrounding the oily kernel. With 20% protein, the wild birds love it. You can find this high protein treat in 20 and 50 pound bags. P.S. the squirrels don't care for it....

### Nutra Safflower

Guaranteed Analysis:

Crude Protein 20%

Crude Fat 46%

Crude Fiber 13.5%

### White Safflower

Guaranteed Analysis:

Crude Protein 16%

Crude Fat 39%

Crude Fiber 26.6%

Sincerely,

Chris Beach
